

Detailed Technical Specifications :

Material	PA 12
Configuration	Multi Rotor with Vertical Take-off and landing
Flight Mode	Semi- Autonomous
Endurance	25 Mins Approx.
Max Range	2+ Kms
Max Altitude	500m From Sea level
Flying Speed	70Kmph
Weight	700 g
Operational Voltage	11.1 V
Battery	Lithium Polymer
Charging Rate	3C
Discharging Rate	25C
Charging Temperature	0-45 °C
Discharging Temperature	20-60°C
Camera Quality	720p 60 FPS
Telemetry Range	2 Kms
Frequency	2.4 Ghz
Additional Benefits	Free crash replacement insurance for 2 months
